

Central Virginia Transportation Authority Finance Committee - January 5, 2022

Agenda Item 8.-b. - GRTC – CVTA Annual Certification Report

WHEREAS, the Central Virginia Transportation Authority (“CVTA”) and the Greater Richmond Transit Co., a Virginia public service company (“GRTC”), entered into a Memorandum of Agreement (“agreement”) effective April 30, 2021, under Chapter 1235 of the 2020 Virginia Acts of Assembly (“Chapter 1235”) concerning the distribution of proceeds from the Central Virginia Transportation Fund, also established by Chapter 1235 and related administrative matters; and

WHEREAS, the agreement specifies that GRTC will submit an Annual Certification, report, and all supporting documentation to CVTA on or before December 1st of each year; and

WHEREAS, the agreement further specifies that the report shall demonstrate that GRTC applied CVTA distributions in accordance with CVTA requirements and the Regional Public Transportation Plan; and

WHEREAS, the agreement further specifies that GRTC will submit a financial report as part of its Annual Certification or as a supplement; and

WHEREAS, the agreement further specifies that the CVTA Finance Committee will review the GRTC quarterly expenditure reports and Annual Certification and formally adopt a resolution accepting the reports and acknowledging GRTC’s appropriate funds utilization within 90 days of each report’s submittal.

RESOLVED, that the CVTA Finance Committee has reviewed the GRTC quarterly expenditure reports, Annual Certification Report and Financial Report for the year ending June 30, 2021, and formally accepts the reports; and

FURTHER RESOLVED, that the CVTA Finance Committee acknowledges that the reports were submitted in compliance with the agreement; and

BE IT FURTHER RESOLVED, that the CVTA Finance Committee acknowledges that the expenditures reported are in accordance with the agreement.

INDEPENDENT AUDITOR'S REPORT

To the Honorable Members of the Board of Directors
Greater Richmond Transit Company
Richmond, Virginia

Report on the Financial Statements

We have audited the accompanying financial statements of Greater Richmond Transit Company and its blended component unit as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Greater Richmond Transit Company's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Greater Richmond Transit Company and its blended component unit as of June 30, 2021, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Correction of an Error

As described in Note 18, the beginning net position for fiscal year 2021 was restated to reflect an adjustment related to Greater Richmond Transit Company's other post-employment plan and compensated absences. Our opinion is not modified with respect to this matter.

Report on Summarized Comparative Information

We have previously audited Greater Richmond Transit Company's 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 8, 2020, and updated on January 27, 2021. In our opinion, the summarized comparative information presented herein, as of and for the year ended June 30, 2020, is consistent, in all material respects, with the audited financial statements from which it was derived. Because information to restate prior years in relation to the correction of an error, discussed in the preceding paragraph, is not readily available, the comparative information has not been restated.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and net pension liability information and related ratios, including contributions and related notes on pages 4 through 8 and 34 through 36 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Greater Richmond Transit Company's basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and is also not a required part of the basic financial statements.

The schedule of expenditures of federal awards and related notes are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2021, on our consideration of the Greater Richmond Transit Company's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Company's internal control over financial reporting and compliance.

GREATER RICHMOND TRANSIT COMPANY

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2021

Herein contained are the audited financial statements for the year ended June 30, 2021, for the Greater Richmond Transit Company (the "Company"). This report contains the Company's Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, and Statement of Cash Flows. This information, in conjunction with the related notes, provides full disclosure of all the material financial operations of the Company. These statements are the representations of management, who bears the responsibility for their accuracy, completeness and fairness. Management is committed to provide accurate, concise and quality financial information to the governmental supporters, residential users of our services, and to all other interested parties. Management believes the data, as presented, is accurate in all material respects, and fairly sets forth the financial position and results of operations of the Company and makes disclosures necessary to enable the reader to gain a well-informed understanding of the financial affairs of the Company.

In June 1999, the Governmental Accounting Standards Board (GASB) issued a Statement titled, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments. This statement, known as the "Reporting Model" statement, affects the way the Company prepares and presents financial information. The statement established the current requirements and reporting model for the annual financial reports of state and local governments. The Statement was developed to make annual reports easy to understand and useful to the people who use governmental financial information to make decisions. The following are required by the statement:

Statement of Net Position

This statement is designed to display the financial position of the Company. This statement reports all assets, including capital assets and infrastructure, and liabilities of the Company.

Statement of Revenues, Expenses and Changes in Net Position

This statement reports revenues and expenses in a format that focuses on the entire operating results of the Company. Other non-operating revenues, operating contributions and capital asset transactions are also included in this statement.

In addition, the Company restated its beginning net position by \$1,631,115 to reflect adjustments related to its other postemployment benefit plans and compensated absences. Additional information on this restatement can be found in Note 18 to the basic financial statements. Comparative prior year information, to the extent presented, has not been restated because the necessary information is not available.

GREATER RICHMOND TRANSIT COMPANY
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2021

Results of Operations

The Company's results of operations for the year ended June 30, 2021, reflect a decrease in total net position of \$15,760,706.

All services provided by the Company are dependent upon the availability of operating revenues, non-operating revenues, operating contributions and capital grant contributions. Operating revenues include passenger revenue from transit and CARE ticket sales, along with fare box recoveries; governmental revenues in the form of purchase-of-service agreements with local governments; charter revenue for charter services provided through local transportation companies; special service revenue in the form of contract business with local universities; and advertising revenue from sales of various bus advertising displays. Much of the funding is based directly on service levels and ridership.

With the onset of the COVID-19 pandemic in 2020, ridership decreased between 30% to 40% overall from 2019 levels. During FY 2021, ridership recovered to approximately 87% of the pre-pandemic levels. Understanding that a significant portion of riders were essential front line workers, the Company stopped charging fares in March 2020 and continued with zero fares throughout FY 2021. The Company has utilized Federal COVID Relief funding to fill the funding void as a result of the zero-fare program.

Operating revenue of \$6,985,840 in FY 2021 decreased \$9,573,433 from FY 2020. The zero-fare program decreased passenger fare revenue to \$-0- for FY 2021 down from the FY 2020 amount of \$5,051,406.

Governmental purchased service revenue also decreased in FY 2021 by \$3,625,533 a result of decreased service in Henrico and Chesterfield Counties. The demand for charters was down for FY 2021 due to reduced demands of businesses under COVID pandemic restrictions which resulted in decreased Charter revenue. Special service revenue decreased in FY 2021 by \$777,034, due to the contract price adjustments with Virginia Commonwealth University as the University's students were remote for the academic year. Advertising revenue decreased slightly in FY 2021 by \$66,423, because of economic struggles of small businesses during the pandemic slowdown and shutdown.

An increase in operating expenses of \$2,783,002 also contributed to the decrease in the Company's net position. The increase in operating expenses is primarily due to increases in salaries and wages and employee benefits and payroll taxes of \$740,372 and \$3,308,443, respectively, and also due to GASB 68 required pension reporting increase of approximately \$1.9M with the remaining approximately \$1.4M pertaining to the increased rate of the Company's medical insurance plan, current labor contract and annual cost of living increases for salaried employees, along with applicable payroll taxes and pension match.

Fees and services decreased in FY 2021 by \$919,099, due to the elimination of contracted fare collection services and fare media stock, reduction in vanpool service and computer maintenance contracts. Materials and supplies decreased in FY 2021 by \$450,131, due to reduction in fleet repairs for rolling stock and support vehicles, as a result of lower staffing levels combined with limited availability of parts. Utilities costs were up in FY 2021 by \$11,207. Insurance costs decreased during FY 2021 by \$264,813, a result of decreased claims payout.

(Continued)

GREATER RICHMOND TRANSIT COMPANY
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2021

Results of Operations (Continued)

Purchased transportation costs decreased in FY 2021 by \$235,672. Specialized service includes the paratransit (CARE) service, Care on Demand, as well as the welfare-to-work (CVAN) service. GRTC provided an optional premium service "Care on Demand" that supports the paratransit eligible participant to book their services the same day with singular occupancy for their trip. This service reduces the overall cost per trip and was a portion of the cause for the decreased expenses. However, the primary cause of decreased expenses was the result of reduced demand due to the COVID pandemic. Demand for CARE service was at approximately 76% of its pre-pandemic levels during this period which resulted in a reduction in expenses. This was offset by using specialized services to support fixed route services during the pandemic in order to reduce passenger load per vehicle.

Other operating expenses decreased in FY 2021 by \$30,444, due to a reduction in advertising commission expense. The Company incurred CARES Act expenses of \$1,651,006 in FY 2021, which consisted of personal protective equipment for employees, contract cleaning services for daily cleaning of vehicles, bus barriers, shields and additional labor for sanitation of buses.

Depreciation and amortization decreased by \$538,305 in FY 2021 due to the disposal of 32 buses, vans and vehicles.

Other non-operating revenues include interest on cash temporarily idle during the year that is invested in a highly liquid investment portfolio with the Virginia Local Government Investment Pool (LGIP) and other income not part of the ordinary income from operations. Other non-operating revenues increased in FY 2021 by \$29,728, primarily due to higher cash balances versus the prior year.

Operating contributions, which accounts for approximately 67% in FY 2021 and 55% in FY 2020 of operating expenses, respectively, came directly from various governmental grant subsidies from the Federal Transit Administration (FTA), City of Richmond, Virginia Department of Rail and Public Transportation (State) and other local organizations. Funding from the Federal Government increased by \$18,227,205 in FY 2021. This increase was due to utilization of approximately \$25.883M of Federal COVID Relief funding to completely replace fare revenue, reductions in special service revenues, additional operating expense caused by the COVID-19 pandemic, and other federally eligible expenses for reimbursement. City funding decreased for FY 2021 by \$7,957,684, while State funding only increased by \$472,400 compared to FY 2020 when approximately \$1.168M was received for Emergency Funding due to the onset of COVID-19.

Capital grant contributions are used to purchase nearly all capital assets of the Company and include funding from the Federal Transit Administration, City of Richmond, and the Virginia Department of Rail and Public Transportation. Capital grant contributions decreased in FY 2021 by \$703,828 as a result of fewer capital projects being developed during the year.

The decrease in net position of \$15,760,706 includes \$17,586,762 in noncash operating expenses relating to depreciation and amortization of \$9,910,735 and GASB 68 pension expense of \$7,675,027 recorded in the Statement of Revenues, Expenses and Changes in Net Position.

Net position	<u>\$ 26,568,150</u>	<u>\$ 40,697,741</u>

Financial Position

Current and other assets increased by \$15,953,451, primarily due to receipt of distributions from Central Virginia Transportation Authority (CVTA) to be expended in accordance with the approved Regional Public Transportation Plan for FY 2022. Capital assets decreased by \$8,711,774, primarily due to the annual depreciation and amortization of our capital assets. Current liabilities decreased by \$229,432 due to lower accounts payable due to COVID's impact on purchased transportation and other expenses related to fare collection. Long-term liabilities increased by \$4,740,502, primarily due to the pension liability.

Requests for Information

The financial report is designated to provide our customers, investors and creditors with general overview of GRTC's finances and to show the Company's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Chief Financial Officer, 301 East Belt Boulevard, Richmond, Virginia 23224.

GREATER RICHMOND TRANSIT COMPANY

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

1. Organization

Reporting entity

Greater Richmond Transit Company (the Company or GRTC) is a public service corporation incorporated on April 12, 1973, and organized to provide mass transportation services to the Richmond Metropolitan area. The Company began operations on September 1, 1973, by purchasing the assets of the Virginia Transit Company. The Company is a joint venture between the City of Richmond and County of Chesterfield, Virginia to provide mass transportation for passengers on a regional basis and associated para-transit service mandated by the Americans with Disabilities Act for the purposes of providing continuous services within and between the jurisdictions of the City of Richmond, Chesterfield County and Henrico County. The Company is governed by a six-member board of directors; three of which are appointed by the City of Richmond and three of which are appointed by Chesterfield County.

The accompanying annual financial report includes the financial activities of the Company, and its blended component unit, Ridefinders. Financial information for the Company and the blended component unit is accounted for in the accompanying financial statements in accordance with principles defining the governmental reporting entity adopted by the Government Accounting Standards Board.

Blended Component Unit

Greater Richmond Transit Company is non-stock, non-profit corporation established to foster community participation in the Greater Richmond, Virginia area in ridesharing activities, including carpools, vanpools, and traditional transit. Ridefinders is the regional non-profit ridesharing and transportation demand management agency that works to move more commuters in fewer vehicles throughout the Central Virginia region to protect air quality and increase the efficiency of the region's transportation network. The Company and Ridefinders have a financial and operational relationship which requires that Ridefinders' financial statements be blended into the Company's financial statements. Condensed combining financial statements for the Company and its blended component unit are presented in Note 16.

2. Summary of Significant Accounting Policies

The accounting policies affecting the significant elements of the financial statements are as follows:

- The financial statements are reported and accounted for on the economic resources measurement focus and the accrual basis of accounting wherein all assets and liabilities associated with the operation of these activities are included in the statement of net position.

The financial statements of the Company are prepared in accordance with Generally Accepted Accounting Principles (GAAP). The Company applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

In June 1999, the GASB issued a statement titled, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments. This statement, known as the "Reporting Model" statement, affects the way the Company prepares and presents financial information. The statement established new requirements and a new reporting model for the annual financial reports of state and local governments. The statement was developed to make annual reports easy to understand and useful to the people who use governmental financial information to make decisions and includes:

GREATER RICHMOND TRANSIT COMPANY

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

2. Summary of Significant Accounting Policies (Continued)

Management's Discussion and Analysis

The reporting model statement requires that financial statements be accompanied by a narrative introduction and analytical overview of the government's financial activities in the form of "management's discussion and analysis" (MD&A). This analysis is similar to analysis the private sector provides in their annual reports.

Statement of net position

This statement is designed to display the financial position of the governmental entity. Governments report all assets, including capital assets and infrastructure, in the statement of net position.

Statement of revenues, expenses and changes in net position

This statement reports revenues and expenses in a format that focuses on the entire operating results of the governmental entity. Capital asset transactions are included in this statement.

Statement of cash flows

This statement is displayed using a direct format whereby actual cash inflows and outflows are presented.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses reported during that period. Actual results could differ from those estimates and assumptions.

Revenues and expenses

Passenger fares, charter, special service and advertising revenues are recorded as revenue at the time such services are performed. Revenues from governmental grants are earned when the expenses related to the grants are incurred.

Governmental purchased service is comprised of funds received from the County of Henrico to subsidize the operation of bus routes in the County and to provide specialized transportation services for the disabled in Henrico. These services also include funds received from the City of Richmond and surrounding localities to provide transportation services, including welfare-to-work.

The Company reports as nonoperating revenues and expenses amounts arising from capital asset transactions, operating grant contributions from governmental entities, investment related transactions and miscellaneous nonoperating revenues and expenses.

Operating losses are subsidized in part by operating grants from the Federal Transit Administration (FTA), the Virginia Department of Rail and Public Transportation (VDRPT), and the City of Richmond. The funding from VDRPT is for fuel, tires, maintenance parts and supplies and administrative expenses. Among other requirements of the FTA grants, state and local governments must provide a certain matching share of funds and/or support (as defined by FTA guidelines) for operating assistance. The FTA, state and city grants are subject to financial and compliance audits. Such audits could result in requests for reimbursement to the granting agency for expenditures disallowed under the terms of the grants.

GREATER RICHMOND TRANSIT COMPANY

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

2. Summary of Significant Accounting Policies (Continued)

Cash and cash equivalents

Cash and cash equivalents include short term, highly liquid investments with initial maturities of three months or less. Designated cash at June 30, 2021, represents funds reserved by the Board of Directors for a contingency fund for unforeseen events. Restricted cash at June 30, 2021, is comprised of funds restricted for future eligible capital projects as required by FTA.

Trade receivables

Trade accounts receivable primarily represent balances owed for advertising and marketing with the Company and bus services within the Richmond area and part of Chesterfield and Henrico counties. The Company grants credit to customers, substantially all of whom are businesses located in the vicinity of the operating locations. The Company provides an allowance for doubtful accounts that is based upon a review of outstanding receivables, historical collection information, and existing economic conditions. Delinquent receivables are written off based on individual credit evaluation and specific circumstances of the customer.

Materials and supplies

Materials and supplies, consisting primarily of replacement parts for transit equipment, are stated at cost using the moving-average cost method wherein after each goods acquisition, the average unit cost of an item is recomputed by adding the cost of the newly acquired goods or units to the cost of the units already in inventory.

Capital assets

The Company's capital assets with useful lives of more than one year are stated at historical cost. The Company does not possess infrastructure. The Company generally capitalizes assets with cost of \$5,000 or more as purchase and construction outlays occur. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded as a capital transaction on the statement of revenues, expenses, and changes in net position.

The Company reviews its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets held and used is measured by a comparison of the carrying amount of an asset to undiscounted expected cash flows. Future events could cause the Company to conclude that impairment indicators exist and that long-lived assets may be impaired.

Depreciable assets are depreciated over the following estimated useful lives:

Buildings	10 to 30 years
Buses, vans, vehicles	5-10 years
Bus stop and parking facilities	5-10 years
Shop and garage equipment	5-10 years
Office furniture and equipment	5 years
Software	5 years
Bus communication and other equipment	5 years

GREATER RICHMOND TRANSIT COMPANY

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

2. Summary of Significant Accounting Policies (Continued)

Grants

Grant funding received in advance represents grant assets received but for which revenue recognition criteria has not yet been met (i.e. funds have not yet been spent for grant-related purposes).

Note payable

The note payable - City of Richmond is a non-interest bearing unsecured note, which is due on demand. At June 30, 2021, the fair value of the indebtedness approximates the amount recorded in the financial statements.

Unearned revenue

Unearned revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met.

Unearned and deferred revenue

Deferred revenues represents resources that are received that are attributable to a future period. During 2021, the Company received funding from the newly created Central Virginia Transit Authority (CVTA) that is to be used to capital and operation needs for fiscal year 2022. The total is reflected as unearned and deferred revenue on the statement of net position. See Note 19 for additional information.

Net position

Net position is the difference between assets/deferred outflows of resources and liabilities / deferred inflows of resources. Net investment in capital assets represents capital assets, less accumulated depreciation less any outstanding debt related to acquisition, construction or improvement of those assets.

When net position resources are available for a specific purpose in more than one classification, it is the Company's policy to use the most restrictive funds first in the following order: restricted and unrestricted as they are needed.

Advertising costs

Advertising costs are expensed when incurred.

Income taxes

The Company, as an entity formed to serve the City of Richmond and Chesterfield County (governmental entities), is exempt from federal and state income taxes.

3. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, checking accounts, and the Virginia Local Government Investment Pool (LGIP). All investment accounts maintained by the Company must abide by the general investment criteria established by the Commonwealth of Virginia for public funds.

GREATER RICHMOND TRANSIT COMPANY

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

3. Cash and Cash Equivalents (Continued)

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Custodial Credit Risk for deposits is the risk that in the event of a bank failure, the Company's deposits may not be returned or the Company will not be able to recover collateral securities in the possession of an outside party. Concentration of Credit Risk is the risk of loss attributed to the magnitude of the Company's investment in a single issuer. Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. Foreign Currency Risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. In order to minimize its exposure to all five of these risks, the Company has a policy of complying with the investment guidelines established by the Commonwealth of Virginia for public funds.

At June 30, 2021, the carrying value of the Company's deposits with banks and LGIP was \$33,723,565. All deposits of the Company are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

The carrying value of the Company's cash equivalents consists of the following at June 30, 2021:

Virginia Local Government Investment Pool	\$ 27,553,556
Bank deposits (checking accounts)	5,890,987
Petty cash funds	<u>118,336</u>
Total cash equivalents	<u>33,562,879</u>
Restricted for Future Eligible Capital Projects as Required by FTA - represents the federal interest in the sale proceeds of the former maintenance and administrative facility (Note 5)	(2,719,786)
Board designated (Note 8)	<u>(5,772,966)</u>
Unrestricted and undesignated	<u>\$ 25,070,127</u>

4. Grants Receivable

Federal, state and local grants receivable consist of the following at June 30, 2021:

Department of Transportation - Federal Transit Administration	\$ 6,655,492
Virginia Department of Rail and Public Transportation	<u>322,127</u>
Total grants receivable	<u>\$ 6,977,619</u>

(Continued)

GREATER RICHMOND TRANSIT COMPANY

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

5. Capital Assets

During the year ended June 30, 2010, upon completion of the new maintenance and administrative facility, the Company recorded an asset impairment loss in the amount of \$1,100,000, which represented the remaining book value of the old maintenance and administrative facility. During the subsequent years, the asset impairment loss increased \$1,002,509 and totaled \$2,102,509 at June 30, 2015. During the year ended June 30, 2016, upon sale of the old maintenance and administrative facility, the Company removed the book value of the old maintenance and administrative facility and removed the impairment loss reserve in the amount of \$2,102,509. In connection with the sale, in accordance with FTA regulations, \$2,719,786 of the sale proceeds represents the federal interest in the proceeds and is restricted for future eligible capital projects.

Capital asset activity for the year ended June 30, 2021, was as follows:

	<u>Balance at June 30, 2020</u>	<u>Additions</u>	<u>Transfers and Disposals</u>	<u>Balance at June 30, 2021</u>

GREATER RICHMOND TRANSIT COMPANY

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

6. Retirement Plans

The operating company, Old Dominion Transit Management Company, has four retirement plans covering substantially all employees. One plan, an Internal Revenue Service Code Section 401(a) deferred compensation plan, which is noncontributory and covers qualified salaried employees, is funded as accrued. The second and third plans, started during 2002, are contributory Internal Revenue Code Section 457(b) deferred compensation plans available to certain eligible employees. The fourth plan is described in the succeeding paragraphs. The assets of the plans are required to be held in trust. Based on the plans' governmental status, the Company's obligation under the plans is limited to its contributions. The aggregate contributions for these plans were \$2,471,301 during the year ended June 30, 2021, and are included in employee benefits and payroll taxes on the statement of revenues, expenses and changes in net position.

Plan description

The fourth plan mentioned in the preceding paragraph, the Old Dominion Transit Employees Disability and Retirement Allowance Plan ("the Plan"), is a single-employer defined benefit plan and is maintained pursuant to agreements between Old Dominion Transit Management Company and Local 1220 of the Amalgamated Transit Union. The Plan is administered by a committee of four persons, two appointed by the Company and two by the Local 1220. The Plan covers substantially all of the employees covered under the collective bargaining agreement between Old Dominion Transit Management Company and Local 1220 who have completed 60 days of service, and also includes certain employees who are not members of Local 1220. Effective August 1, 2002, the Plan will not cover any person who is not covered by the collective bargaining unit represented by Local 1220 and is (1) hired on and after August 1, 2002 or (2) a member of the Plan as of September 30, 2002, who, on or before October 31, 2002, irrevocably waived further membership in the Plan after September 30, 2002. Participants are eligible for retirement after either (a) attaining age 55 and completing a sufficient period of continuous service with the Company so that the total of their age and their length of service is 85 or more or (b) attaining age 62 and completing 5 years of continuous service. At January 1, 2020, there were 332 current active members in the Plan. At January 1, 2020, 211 retirees and beneficiaries were receiving benefits from the Plan. Any participant with at least five years of continuous service who terminated employment may elect to either (a) be paid their accumulated contributions with interest or (b) leave their contributions in the fund and become fully vested in the benefits they had accrued to the date of termination.

Benefit formula

A formula is used to determine monthly benefits upon retirement. The retirement benefit formula is computed as 1.5% of the participant's highest four-year average monthly compensation multiplied by the number of years of the participant's continuous service, subject to a monthly minimum benefit of \$222 for participants in the Plan as of October 1, 2000. Each retirement and disability allowance being paid may be adjusted to reflect increases in the consumer price index that have occurred during the preceding year, subject to a maximum increase of 4% per year.

Status of the Plan as a governmental plan

By letter dated April 18, 1978, the Pension Benefit Guaranty Corporation determined that the Plan was a governmental plan under Title IV of the Employee Retirement Income Security Act of 1974 (ERISA). By ruling dated May 29, 1979, the Internal Revenue Service determined that the Plan was a governmental plan within the meaning of Section 414(d) of the Internal Revenue Code. By letter dated January 23, 1981, the Department of Labor issued an advisory opinion that the Plan was a governmental plan within the meaning of Section 3(32) of ERISA. A governmental plan is not subject to most of the provisions of ERISA.

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

6. Retirement Plans (Continued)

Publicly available report

The Plan issues a publicly available financial report that includes financial statements and required supplemental information for the Old Dominion Transit Employees Disability and Retirement Allowance Plan. The financial report may be obtained through management of the Company. The Plan's fiduciary net position disclosed herein has been determined on the same basis as that used by the Plan.

The Plan's separate financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues in the period in which employee services are performed. Retirement and termination benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. If available, quoted market prices are used to value investments. Securities traded on a national or international exchange are valued at the last reported sales price at existing exchange rates. Bonds with no quoted market value are generally valued by comparison with comparable securities with similar yields and ratings. Investments that do not have an established market are reported at estimated fair value. Appreciation and depreciation on assets held for investment during the year are based on the fair value at the end of the Plan year as compared to the fair value at the beginning of the Plan year for investments acquired in a previous Plan year. For investments acquired during the year, appreciation and depreciation are calculated by determining the difference between fair value at the end of the Plan year and the cost basis of the investments. Gain or loss on investments disposed of (realized) during the year is calculated by comparing the sales proceeds with the cost basis for all investment disposals. Interest income is recorded on the accrual basis.

Funding policy

The cost of providing retirement and disability benefits under the Plan is shared between the Company and the employee. The collective bargaining process between the Company and the Local 1220 determines the amount of contribution that the employee must contribute for plan benefits. The portion of such aggregate contributions to be contributed by the Company for participants who are not members of the bargaining unit represented by Local 1220, is determined by the Company. In no event, however, may the monthly contribution made by any member be less than \$25. Contribution rates are shown below:

<u>Effective Date</u>	<u>Bargained</u>		<u>Non-Bargained</u>	
	<u>Employee</u>	<u>Employer</u>	<u>Employee</u>	<u>Employer</u>
October 1, 2017	8.0%	10.0%	4.0%	13.0%
April 1, 2018	8.0%	10.0%	4.0%	14.0%
July 1, 2018	8.0%	11.5%	4.0%	14.0%
October 1, 2018	8.0%	11.5%	4.0%	14.0%
October 1, 2019	8.0%	12.0%	4.0%	14.0%
February 16, 2021	9.0%	13.0%	4.0%	14.0%

Contributions are vested after five years of continuous service with the Company (ten years prior to October 1, 2000, and fifteen years prior to October 1, 1997).

GREATER RICHMOND TRANSIT COMPANY

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

6. Retirement Plans (Continued)

Actuarial valuation

In the latest actuarial valuation as of December 31, 2020, the consulting actuaries, Milliman, Inc., reported a total pension liability of \$119,309,604. This accrued liability less the value of the trust fund of \$38,857,864 at December 31, 2020, results in a net pension liability of \$80,451,740. The actuarial value of assets as a percentage of the actuarial pension liability (funded ratio) was 32.6% at December 31, 2020. The 2020 annual covered payroll was \$18,616,042. The ratio of the net pension liability to annual covered payroll was 432.22% for 2020.

No Plan provisions have changed since the last actuarial valuation.

According to the actuaries, future contributions to be made by or on behalf of present members at current rates will not be sufficient to fund their benefits without any subsidization from future entrants, provided that future experience parallels that anticipated under the current actuarial assumptions. Management of the Plan intends to continue the funding policy as presented. However, management of the Plan intends to review the funding status of the Plan, in consultation with the actuaries, to ensure the sufficiency of Plan assets to satisfy all future obligations of the Plan.

Changes in net pension liability

6. Retirement Plans (Continued)

Actuarial assumptions

The significant assumptions and other inputs used to measure the total pension liability are as follows:

Discount Rate	2.76%
Long term expected rate of return, net of investment expense	6.50%
Bond buyer general obligation 20-bond municipal bond index	2.12%

The Plan's fiduciary net position was not projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the single equivalent rate that results in the same actuarial present value as the long-term expected rate of return applied to benefit payments, to the extent that the Plan's fiduciary net position is projected to be sufficient to make projected benefit payments, and the municipal bond rate applied to benefit payments, to the extent that the Plan's fiduciary net position is not projected to be sufficient.

Other key actuarial assumptions:

Valuation date	January 1, 2020
Measurement date	December 31, 2020
Inflation	3.00%
Salary increases including inflation	12% per year for participants with less than four years of service and service and 4.5% per year for participants with at least four years of service
Active and healthy inactive mortality	Rates from the separate Pub-2010 General Mortality tables for employees, retirees, survivors, and disabled participants generationally projected using Projection Scale MP-2019.
Actuarial cost method	Entry age normal
Cost of living adjustments	None
Disabled mortality	Pub-2010 General Mortality tables for disabled participants generationally projected using Projection Scale MP-2019
Termination rate	30% at less than 1 year of service 20% between 1 and 2 years of service 15% between 2 and 4 years of service 4% at 4 year or service or greater
Retirement rate	10% at age 55 5% at ages 56 to 59 10% at ages 60 and 61 70% at age 62 40% at age 63 20% at age 64 100% at age 65

GREATER RICHMOND TRANSIT COMPANY

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

6. Retirement Plans (Continued)

Depletion date projection

In order to determine if the Plan's fiduciary net position is projected to be sufficient to make projected benefit payments, the actuaries prepared a depletion date projection using the following techniques and assumptions:

- Current active members contribute the required employee contribution amounts.
- The Company contributes 12% of compensation for bargained employees and 13% of compensation for non-bargained employees.
- Benefit payments are projected based on the actuarial assumption and the current plan provisions.
- Members are assumed to receive pay increases, terminate, retire, become disabled, die, and so forth according to the actuarial assumptions used for the January 1, 2020, valuation.
- Terminating and retiring members will not be replaced with new employees.
- Current administrative expenses are assumed to increase by 3.00% per year.
- All cash flows are assumed to occur on average halfway through the year.
- The long-term expected rate of return on pension plan investments is 6.50%.
- The tax-exempt, high quality general obligation municipal bond index rate is 2.12%.
- The funding policy used to determine actuarially determined contributions does not change.
- The actuarial assumptions do not change.
- The plan provisions do not change except if any material future changes have been agreed upon as of the measurement date.
- The depletion date is 2036.

Long-term expected rate of return

The best estimate range for the long-term expected rate of return was determined by the actuaries by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions are per Milliman's investment consulting practice as of December 31, 2020.

6. Retirement Plans (Continued)

Long-term expected rate of return (Continued)

<u>Asset Class</u>	<u>Index</u>	<u>Allocation</u>	<u>Long-Term Expected Arithmetic Real Rate of Return</u>	<u>Long-Term Expected Geometric Real Rate of Return</u>
US Cash	B of A Merrill Lynch 3 month T-bills	0.09%	-0.49%	-0.47%
US Core Fixed Income	Bloomberg Barclays Aggregate	22.18%	0.83%	0.76%
US Short Bonds	Bloomberg Barclays 1-3 Yr Govt/Credit	2.65%	0.45%	0.43%
US Government Bonds	Bloomberg Barclays Govt	2.79%	0.33%	0.23%
US Mortgages	Bloomberg Barclays MBS	2.13%	0.87%	0.82%
US Municipal Bonds	Bloomberg Barclays Muni	0.06%	0.77%	0.69%
Non-US Bonds	JP Morgan GBI Global xUS	0.37%	0.00%	-0.40%
US Equity Market	Russell 3000	68.66%	4.13%	2.84%
Non-US Equity	MSCI ACWI xUS NR	0.55%	5.82%	4.21%
Global REITS	FTSE EPRA/NAREIT Developed	0.52%	5.64%	3.86%
Assumed Inflation-Mean			2.20%	2.20%
Assumed Inflation-Standard Deviation			1.65%	1.65%
Portfolio Real Mean Return			3.12%	2.48%
Portfolio Nominal Mean Return			5.33%	4.73%
Portfolio Standard Deviation				11.48%
Long-Term Expected Rate of Return				6.50%

The long-term expected rate of return of 6.50% was assumed for years one to twenty-eight of the projection period while the municipal bond rate of 2.12% was assumed for years twenty-nine and thereafter. This resulted in a blended discount rate of 2.76% for 2020.

Sensitivity analysis

According to the actuaries, the following presents the net pension liability of the Company, calculated using the discount rate of 2.76%, as well as what the Company's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.76%) or 1 percentage point higher (3.76%) than the current rate.

	<u>1% Decrease 1.76%</u>	<u>Current Discount Rate 2.76%</u>	<u>1% Increase 3.76%</u>

6. Retirement Plans (Continued)

Pension expense and deferred inflows and outflows

For the year ending June 30, 2021, the Company recognized pension expense of \$8,972,285.

The deferred inflows and outflows of resources as of December 31, 2020, are as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,893,686	\$ 1,593,334
Changes of assumptions	22,533,874	1,943,376
Pension contributions made subsequent to the measurement date	1,297,258	-
Net difference between projected and actual earnings	-	2,836,806
	\$ 26,724,818	\$ 6,373,516

\$1,297,258 reported as deferred outflows of resources related to pensions resulting from the Company's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the fiscal year ending June 31, 2021. Other amounts currently reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending December 31		Amount
2021	\$	6,683,653
2022		7,134,667
2023		4,551,164
2024		684,560

Pension plan data

Information about the Old Dominion Transit Employees Disability and Retirement Allowance Plan is also available in the separately issued 2020 Comprehensive Annual Financial Report (AFR). A copy of the 2020 AFR may be requested from the plan's Chief Financial Officer at 301 East Belt Boulevard, Richmond, VA 23224.

7. Accrued Uninsured Accident Claims

Present accident claims insurance coverage provides \$2,000,000 (with a \$325,000 self-insurance retention) per accident. Additional liability insurance is purchased through multiple insurance carriers for up to \$10,000,000 per accident. At June 30, 2020, the Company was liable for any settlement in excess of \$10,000,000. Subsequent to year end, the Company joined the Virginia Transit Liability Pool. Under the pool, the Company has \$20,000,000 liability and excess coverage (with a \$325,000 self-insurance retention).

(Continued)

GREATER RICHMOND TRANSIT COMPANY

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

7. Accrued Uninsured Accident Claims (Continued)

The following schedule reflects the activity in accrued uninsured accident claims during the year ended June 30, 2021:

Balance, June 30, 2019	\$ 385,675
Provision	290,079
Claims paid	<u>(325,104)</u>
Balance, June 30, 2020	\$ 350,650
Provision	56,690
Claims paid	<u>(234,865)</u>
Balance, June 30, 2021	<u>\$ 172,475</u>

The Company records the provisions for uninsured accident claims based upon management's estimate of the total liability for each claim. Because of the inherent uncertainties in estimating accident claims, it is at least reasonably possible that the estimates used will change in the near term.

8. Board Designated Reserves

The Board of Directors of the Company has designated cash reserves of \$5,772,966 at June 30, 2021 for a contingency fund.

9. Materials and Supplies Agreements

The Company obtains tires and tubes for its buses through a three-year agreement with Michelin North America, Inc. ("Michelin") dated June 1, 2018. The agreement provided for two one-year option terms. In fiscal year 2021, the Company executed the first one year option to extend the agreement until May 31, 2022. Fees are based on a monthly fixed cost and the mileage driven by each bus. Cost incurred in connection with tires and tubes were \$441,685 for the year ended June 30, 2021, and are included in materials and supplies on the statement of revenues, expenses, and changes in net position.

10. Vanpool Program

The Company furnishes commuter vanpool services through various agreements, all of which are on a month to month basis. The cost of such services to the Company is based on the number of passenger vans provided. Cost incurred in connection with commuter vanpool service for the year ended June 30, 2021, were \$210,725 which are included in fees and services expense on the statement of revenues, expenses, and changes in net position.

(Continued)

GREATER RICHMOND TRANSIT COMPANY

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

11. Union Contract

The Company entered into an updated agreement with the Amalgamated Transit Union, Local Union 1220 (the "Union"), on October 1, 2020, in connection with the Company's transit operators and mechanics. This agreement is effective from October 1, 2020, through September 30, 2023.

12. Purchased Transportation Services

The Company furnishes specialized transportation services (CARE and CVAN services) for disabled persons through an agreement with First Transit dated December 1, 2017, which expired November 30, 2020, with an option to renew for one additional year. The Company has exercised the one year renewal option. The cost of such services to the Company is based on a fixed cost per revenue hour. Costs incurred in connection with disabled person's specialized transportation were \$4,769,143 for the year ended June 30, 2021.

13. Other Post-Employment Benefits (OPEB)

The Company provides for short-term post-employment benefit options for health care, vision, and dental insurance for terminated employees and dependents solely through the Consolidated Omnibus Reconciliation Act of 1985 (COBRA). The Company's Collective Bargaining Unit Agreement and Administrative Employee's Handbook do not provide for long-term retiree medical, vision and dental benefits following retirement from active employment.

If a separated employee opts for continuation of healthcare, vision, or dental coverage under COBRA, the separated employee pays 100% of the premium for any continued medical, vision or dental coverage. As of June 30, 2021, the number of separated employees who have opted for continuation of coverage is as follows:

<u>Coverage Type</u>	<u>Number of Former Employees at June 30, 2021</u>
Health Care - EE Only	3
Vision - EE Only	4
Dental - EE Only	46
Dental - EE + Spouse	6

All of the benefits provided to separated employees who opted for COBRA coverage eligibility will end prior to June 30, 2022. As such, at June 30, 2021, there was no liability estimated based upon the implicit rate subsidy concept.

GREATER RICHMOND TRANSIT COMPANY

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

14. Commitments and Contingencies

The Company, from time to time, is a defendant in civil actions. The Company intends to vigorously defend the claims asserted against it by all claimants. The ultimate resolution of these matters is not ascertainable at this time. No provision has been made in the accompanying financial statements related to these matters.

15. Leases

On August 8, 2011, the Company entered into a lease agreement on behalf of RideFinders for office facilities in The Ironfronts Building. The lease was renewed on February 19, 2019, and extends through June 30, 2029. Total rent to be paid during the initial one hundred twenty five month lease period is \$711,780, or \$5,694 per month on a straight-line basis. Lease expense associated with this lease was \$68,331 for 2021, and is included in fees and service expense on the statements of revenues, expenses and changes in net position.

The Company has recorded a deferred rent liability of \$31,165 at June 30, 2021, which represents the difference between the rent expense recorded on a straight-line basis and actual cash payments made to the lessor and is included in other accrued expenses on the statement of net position.

Future minimum rent payments under this lease are as follows:

<u>Year Ending</u> <u>June 30,</u>	
2022	\$ 61,274
2023	68,670
2024	70,533
2025	72,471
2026	74,445
2027-2029	<u>230,418</u>
	<u>\$ 577,811</u>

16. Ridefinders

The accompanying financial statements include the amounts of Greater Richmond Transit Co. and its blended component unit (Ridefinders). Effective July 1, 1998, the Board of Directors of the Company became the governing board of Ridefinders. All significant intercompany transactions and balances have been eliminated. Ridefinders was established to foster community participation in the Richmond area in ridesharing activities. Ridefinders issues separately audited financial statements. Copies of Ridefinders audit reports may be obtained from the Company's finance department. The financial statements of Ridefinders are presented as a blended entity in the accompanying financial statements.

Cash, beginning of year	<u>200,335</u>	<u>16,185,492</u>	<u>16,385,827</u>
Cash, end of year	<u>\$ 207,407</u>	<u>\$ 33,355,472</u>	<u>\$ 33,562,879</u>

Ridefinders has recorded various transactions with the Company for 2021, which are summarized as follows:

Payroll and related expenses	\$ 483,425
Accounts receivable	\$ 120,602
Accounts payable	\$ 37,762

Effective January 1, 1998, all Ridefinders' employees became GRTC employees. Ridefinders and GRTC entered into an employee lease agreement whereby Ridefinders leases its employees from GRTC.

17. COVID-19 Uncertainty

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The Company’s operations are heavily dependent on charging fares from passengers. Additionally, access to grants and contracts from federal and state governments may decrease or may not be available depending on appropriations. The COVID-19 outbreak will have a continued material adverse impact on economic and market conditions, triggering a period of global economic slowdown. This situation has caused fare collection to be suspended during fiscal year 2021 and will continue into fiscal year 2022. As such, our financial condition and liquidity could be negatively impacted for the fiscal years 2022 and beyond.

(Continued)

GREATER RICHMOND TRANSIT COMPANY

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

17. COVID-19 Uncertainty (Continued)

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude the pandemic will have on the Company's financial condition, liquidity, and future results of operations. Management is actively monitoring the impact of the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Company is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2022.

18. Restatement

The net position at the beginning of fiscal year 2021 was restated to reflect adjustments related to the Company's OPEB obligation and compensated absences accrual. The Company made a correction of an error with regards to the eligibility criteria previously utilized in the calculation of its OPEB liability for post-employment benefit options for health care, vision, and dental insurance to reflect benefits provided solely through the Consolidated Omnibus Reconciliation Act of 1985 (COBRA) for separating employees and their dependents, as noted in Note 13. As a result, there was a correction of an error related to the June 30, 2020, OPEB balances.

The Company also awards active employees annual leave at the beginning of each calendar year. Annual leave awards must be utilized in the same year that leave is awarded and upon termination of employment, the employee will be paid on a prorated basis the amount of any earned but not used annual leave during that calendar year. A liability related to the unused annual leave as of June 30, 2020, was inadvertently not reflected in the 2020 financial statements.

Comparative prior year information, to the extent presented, has not been restated because the necessary information is not available. The Company's 2020 beginning balances related to OPEB and compensated absences have been adjusted as follows:

	Previously Reported June 30, 2020	Restatement	As Restated June 30, 2020
OPEB deferred outflows of resources	\$ 1,338,757	\$ (1,338,757)	\$ -
Compensated absences	-	753,677	753,677
OPEB liability	3,719,520	3,704,099	(15,421)
OPEB deferred inflows of resources	19,450	19,450	-
Net position, unrestricted	(39,277,541)	1,631,115	(37,646,426)
Net position	40,697,741	1,631,115	42,328,856

GREATER RICHMOND TRANSIT COMPANY

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

19. Unearned and Deferred Revenue, Central Virginia Transportation Authority (CVTA)

During 2021, the Central Virginia Transportation Authority (CVTA) was created. The Authority is responsible for administering transportation funding generated from the imposition of an additional regional sales and use tax and taxes on the sales of gasoline and diesel. The new funding is to be used for transportation-related purposes for the various localities located in Central Virginia. As a result, the Company received a total of \$16,325,886 that is to be used for capital and operational needs for fiscal year 2022. The funds could not be utilized until CVTA approved the Company's Regional Public Transit Plan for fiscal year 2022. The Company's plan was approved by CVTA on June 25, 2021. At June 30, 2021, the funds had not been used for capital or operating expenditures, but, it is anticipated that they will be used by the Company during fiscal year 2022. As such, this funding is reflected as unearned and deferred revenue on the statement of net position.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Members of the Board of Directors
Greater Richmond Transit Company
Richmond, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Greater Richmond Transit Company (the "Company"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Company's basic financial statements and have issued our report thereon dated October 28, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Company's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, in internal control, such that there is a reasonable possibility that a or a combination of deficiencies, material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weakness may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Company and its blend component unit's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

To the Honorable Members of the Board of Directors
Greater Richmond Transit Company
Richmond, Virginia

Report on Compliance for Each Major Federal Program

We have audited Greater Richmond Transit Company's (the "Company") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Company's major federal programs for the year ended June 30, 2021. The Company's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Company's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Company's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Company's compliance.

Opinion on Each Major Federal Program

In our opinion, the Greater Richmond Transit Company complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2021.

Report on Internal Control over Compliance

Management of the Greater Richmond Transit Company is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Company's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Company's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weakness. However, material weakness may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

GREATER RICHMOND TRANSIT COMPANY

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

June 30, 2021

1. Summary of Significant Accounting Policies

The accompanying Schedule of Expenditures of Federal Awards is presented on an accrual basis of accounting consistent with the basis of accounting used by Greater Richmond Transit Company. The schedule includes all known federal funds expended by the Company for the year ended June 30, 2021. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the presentation of the basic financial statements.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available. The Company has elected to use the 10% de minimis indirect cost rate as allowed in the Uniform Guidance.

3. Subrecipient Payments

None of the expenditures reported on the Schedule were passed through to subrecipients.

GREATER RICHMOND TRANSIT COMPANY

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS
June 30, 2021**

A. SUMMARY OF AUDITOR'S RESULTS

1. The auditor's report expresses an unmodified opinion on the financial statements.
2. No significant deficiencies relating to the audit of financial statements were reported in the Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on the Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
3. No instances of noncompliance material to the financial statements were disclosed.
4. No significant deficiencies relating to the audit of the major federal award program were reported in the Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control Over Compliance Required by the Uniform Guidance.
5. The auditor's report on compliance for the major federal award program expresses an unmodified opinion.
6. The audit disclosed no audit findings related to the major program.
7. The major program was:

Name of Program	Assistance Listing Number
Federal Transit Cluster:	
Federal Transit - Formula Grants	20.507
Bus and Bus Facilities Formula Program	20.526

8. The threshold used to distinguish between Type A and Type B programs is \$750,000.
9. The Company was determined to be a low-risk auditee.

B. FINDINGS - FINANCIAL STATEMENTS

None noted.

C. FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAM AUDIT

None noted.
